Rebecca Jones and James Brown Are Married in Hamlin

Rebecca Jones, daughter of Mr. and Mrs. M. T. Jones of the Plainview community and James Brown son of Mr. and Mrs. Roy Brown of Hamlin were married at the home of Rev. John Osteen, pastor of the Hamlin First Baptist Church, Wednesday, January 7.

Accompanying the young people were the groom's sister, Patsy Brown and the bride's brothers, Jack and Tommy Jones. The bride wore a light blue dress and black accessories and white carnation corsage.

Both were 1946 high school graduates and the bride attended Stamford Schools while the groom attended Hamlin Schools.

They are now making their home in Hamlin.

Sammie Stubbs, who was ill last week, is fine now.

WE, YOUR LOCAL CHEVROLET DEALER—and every other Chevrolet dealer in America—are both proud and happy to make the following report to buyers and prospective buyers of Chevrolet products:

Again in 1947, Chevrolet built and sold more cars and more trucks than any other maker in the industry, just as Chevrolet has built and sold more cars and more trucks than any other maker for the total seventeen-year period, dating from January, 1931 to January, 1948—the modern period of motor car history!

Naturally, we as well as the Chevrolet Motor Division of General Motors are deeply grateful for America's outspoken preference for Chevrolet passenger cars and trucks; and we are determined to do everything in our power to continue to deserve this preference in the future as in the past.

We want to thank each and every person in this community for his friendship and goodwill for this organization. We solicit and appreciate your patronage. We are doing our level best to prove that, by filling orders for new Chevrolets just as promptly as we can—even under today's trying conditions—and we are deeply and doubly appreciative of the patience and understanding of all our customers who are awaiting deliveries of new Chevrolets.

Needless to say, you buy wisely when you buy the product of the world's largest producers of cars and trucks, for that is the way to maximum dollar value! Rest assured that we'll fill your order for a new Chevrolet just as soon as it is humanly possible to do so. Meanwhile, please let us help to keep your present car or truck in good running condition by bringing it to us for skilled service now and at regular intervals.

Lone Star Gas Supply Is Adequate For Home Demand

Lone Star Gas Company has assured its Hamlin and other domestic consumers that it will have sufficient gas to supply all their fuel needs no matter how cold the weather, barring unforeseen mechanical difficulties. This information was contained in a statement issued by company officials following current government recommendations for the rationing and restrictions in the use of natural gas and other fuels in some parts of the United States.

Lone Star serves Hamlin territory and 332 other cities and towns in Texas and Oklahoma. A spokesman pointed out that some of its large industrial consumers may be cut off temporarily at times to protect the gas supply for homes.

Lone Star Gas Company is in the midst of a \$40,000,000 expansion improvement program for thousands of new customers that are be-

ing added each year. In 1947 the first year of this program, 100 major system to protect and strengthen projects were completed over the gas service for more than 400,000 homes.

In concluding the report, pointed out that the company's pipe line system contained more than 5,000 miles of transmission mains which bring gas from more than 1,200 gas wells in 75 widely scattered fields in Texas and Oklahoma.

Famous Lecturers Coming to McMurry January 27-30

Hamlin area citizens were informed this week of the fact that the Third Annual Willson Lectures will bring to the McMurry College, Abilene campus two outstanding Christian lecturers January 27-30. All lectures are free of charge and open to the public.

Dr. Hazen G. Werner, editor, writer and consultant and Miss Dorothy McConnell, editor, author and traveler will deliver the series of lectures during the four-day annual event, which is sponsored by Mr. and Mrs. J. M. Willson of Floydada.

Topic of Dr. Werner's series of lectures will be Psychology in the Service of Christian Personality. Miss McConnell's general topic will be The Christian Message in a World of Change.

Methodist Bishop Charles G. Seelman will introduce Dr. Werner Tuesday night, January 27 when he will speak on the subject, "The Therapy of Your Faith."

Telephone preview for 1948

As we enter 1948, the 50,000 telephone people in the Southwest are continuing to work hard to make telephone service better than ever and to get service to people waiting. Here is what we think 1948 will bring:

INSTALLATIONS

Shortages of switchboards, cable, and wire continue, but we were able to install 460,000 new telephones last year for a net gain of 295,000. This year we expect to equal or better that total.

CONSTRUCTION

Dollars spent on construction last year came to 115 million, close to three times as much as in any previous year. In 1948, the job will take even more money—150 million dollars! That will buy new buildings, switchboards, cable, wire, and other things needed to supply more and better telephone service.

DEMAND

Demand for telephones continues at 50,000 a month. New orders keep the waiting list long, but it is smaller now than a year ago. About 200,000 persons in the 700 exchanges we serve are now waiting for service, but 3 out of 4 of them applied in 1947.

LONG DISTANCE

Improvements in long distance service are coming in 1948 as we add more miles of wire needed to handle calls. Some 50,000 miles of circuits were added in 1947. We expect to double that total in 1948.

SERVICE

Telephone service will grow better as more switchboard equipment brings relief from the extra-heavy loads now being carried. More than 18 million calls a day were made in the Southwest during 1947. This is well over a million more than the previous year, and a new record. The trend is upward for 1948.

RURAL SERVICE

We connected 50,000 more rural telephones last year. Our large-scale program to bring telephone service to more farms will continue in 1948. We hope to be serving 260,000 telephones in rural areas by the end of this year, nearly twice as many as at the start of 1946.

We worked hard to do what we did in 1947. We've still got an uphill job. We'll be doing the best we can to put in more telephones and further improve telephone service during 1948.

Cotton Price Declines \$5 Per Bale on Markets Last Week as Demand Good

Prices for cotton declined almost \$5 per bale early in the week but recovered part of this loss during the latter part, according to the weekly release to The Herald from the Department of Agriculture for last week's market activity.

Selling by farmers increased and spot markets were more active. Mill demand picked up a little for the medium and better qualities for forward delivery.

Activity in textile markets increased with prices firm to lower for some constructions. The cotton export subsidy of one-half cent per pound continues in effect.

Peanut acreage quotas applicable to the 1948 crop were terminated by the secretary of agriculture. The weather was generally favorable for the harvesting of cotton.

Prices for middling 15-16 inch in the 10 spot markets averaged 35.48 cents per pound on Thursday as compared with 35.97 cents on Wednesday of last week-end with 33.29 cents on the corresponding Thursday a year ago. The average price for the week ended Wednesday was 35.50 cents as against 35.84 cents for the previous week. Prices for the medium and higher qualities in southern markets remained firm but weakened considerably for the lower qualities. Prices for some constructions of textiles weakened a little. Near-month futures declined about 50 to 60 points during the week while more distant futures declined only 10 to 15 points.

Exported sales in the 10 spot markets totaled 137,800 bales for the week as compared with 61,900 bales the previous week and 139,600 a year ago. Offerings by farmers in the south with sales of sizeable lots were reported. Merchants and shippers were offering lower qualities in increasing volume and at lower prices. Any offerings of the medium and better qualities, however, were readily absorbed.

Local Woman's Sister Passes in Lubbock Jan. 14

Mrs. Acie Bailey, 42, daughter of Mr. and Mrs. J. T. Cunningham of Hamlin, passed away at her home in Lubbock, Wednesday morning, January 14.

She was buried in a Lubbock Cemetery January 15.

Two sisters, Mrs. L. J. Cunningham of Hamlin and Mrs. Elmer Hawkins of McCauley were among the survivors.

County Supts. Attend State School Men's Confab

Jones County schoolmen along with Superintendent Everett Beaver attended the annual state conference of public school administrators in Austin last week.

Hamlin's superintendent of schools, I. R. Hutchinson was among the attendants.

The group studied recent developments in school administration including health, safety, guidance of students, music, school libraries, audio-visual and extension of school terms to a 12 months program.

Mrs. Grover Sipe 51, Dies After Long Illness Here

Mrs. Hazel Verne Sipe, daughter of William Harvey and Lula M. Seymour, was born January 18, 1896 in Brown County. After a long illness she passed away January 13 at the family home in Hamlin at the age of 51 years, 11 months and 27 days.

Funeral services were held at 3:00 o'clock p. m. January 15 at the Hamlin First Methodist Church, conducted by the local pastor, Dr. W. C. House, assisted by a former pastor, Rev. J. E. Herrell of Haskell. Mrs. Sipe and her husband, Grover T. Sipe moved to this community 28 years ago and have been residents of Hamlin for 12 years.

She was converted at the age of 15 and united with the Methodist Church. She was a faithful worker and a member of the Women's Society of Christian Service and the Spiritual Life Group.

Survivors are the husband, two daughters, Grovena and Mrs. Verne Mae Payne, a son, Johnnie T. Sipe of San Rafael, California, one grandchild, Barbara Carolyn Sipe, two sisters, Misses Annie and Maggie Seymour of Hamlin; two brothers, Homer H. Seymour of Abilene, Anderson Seymour of Hamlin.

Interment was in the East Cemetery under the direction of Barrow Funeral Home of Hamlin.

W. F. Johnson, who has been in a Rotan hospital for treatments, was able to return to his home Sunday much improved.

NEW DODGE "Job-Rated" TRUCKS

NEW "Pilot-House" Cabs with all-round vision

Higher and wider windshield and windows give the driver real "Pilot-House" vision... in all directions! It's all-round vision, still further augmented by newly available rear quarter windows. They're the safest

truck cabs ever built, too, with welded all-steel construction. Their comfort is almost unbelievable. Take a ride... and you'll feel that you're "sitting on top of the world"... with all the road yours to command.

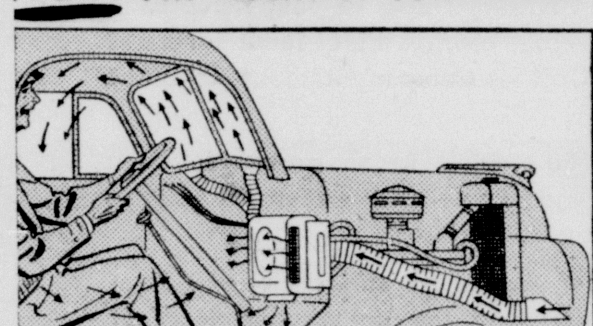

NOW ON DISPLAY

You're looking at the most attractive and useful trucks ever designed. The first thing you notice, of course, is their new massive "truck-like" appearance. But underneath—you'll find power-packed chassis, each "Job-Rated" for performance, economy, dependability, and long life.

Because these new Dodge trucks are "Job-Rated"—because they fit the job—they naturally save money and last longer. But you're in for a real surprise, when you see how many additional money-saving and time-saving advantages Dodge has built into these newest trucks.

We urge you to come in and see them without delay. You'll find them years ahead in design... the only really new trucks on the market this year!

NEW All-Weather Ventilation

Real comfort at ten below or a hundred above! That's because of an ingenious combination of ruck heater, defroster vents, vent windows, cowl ventilator and a new fresh air intake from the radiator grille. It's the finest "All-Weather" heating and ventilating system available in any truck cab.

NEW Ease of Handling

You enjoy remarkable new ease of handling and driving in these new trucks. You can turn them in much smaller circles... the same size circle either right or left. You can park, or back up to platforms, with greater ease. With this shorter turning, you also get full-size bodies, longer cabs, better weight distribution.

NEW Comfort

1. PLENTY OF HEADROOM.
2. STEERING WHEEL... right in driver's lap.
3. NATURAL BACK SUPPORT... adjustable for maximum comfort.
4. PROPER LEG SUPPORT... under the knees where you need it.
5. CHAIR-HEIGHT SEATS... just like you have at home.
6. "AIR-O-RIDE" CUSHIONS... adjustable to weight of driver and road conditions.

7. 7-INCH SEAT ADJUSTMENT... convenient hand control.

Autoists Warned to Be Cautious of Car Monoxide Poisoning

To minimize the danger of carbon
monoxide poisoning during winter
weather, Jones County motorists
and commercial drivers are urged
by Dr. George W. Cox, state health
officer, to check up now on the
exhaust systems of their automobiles
for defective connections and leaks.
He said that "warming up" a car

cause of carbon monoxide deaths.

Two days later on January 7, 1865
the Indians returned with some of
their own and Mr. Tankersley's
horses they had found. And again
Mary stood with her mother in the
open doorway and watched them
ride away. That band of fear was
practically gone, now.

Mary always remembered this in-
cident with a feeling of sadness. The
following day, January 8, 1865, their
new-found Kickapoo friends were
attacked by 500 Texas Rangers and
Minute Men under the command of
Captain Totten. Two days later,
following a severe snow storm, Mr.
Tankersley helped dig the one long
trench grave. Mary heard him tell
her mother of the bodies they placed
in it—the men, the women, and
the children and little babies.

This unfortunate tragedy has
been labeled the Battle of Dove
Creek. Its major result was that
a friendship was destroyed and nev-

Concho country be at peace from

headaches which occur during long

carbon monoxide is leaking into the
car. Sleepiness, dizziness, fatigue,
and in extreme cases, paralysis are
other symptoms of carbon monoxide

making long drives are particularly

Dr. Cox described this gas as be-

NEW GATHERING LINE TO FISH CREEK FIELD

"CHRISTMAS TREE" or Gas Well Head
—in gas fields, pipes are run from
several wells to form a network which is
part of a gathering system to carry natural
gas from the wells to main transmission
lines.

**Helps Assure More Natural Gas
For Lone Star Customers This Winter**

One of the most important activities in
1947 on the Lone Star Gas System was
the addition of new natural gas reserves
to meet a rapidly growing demand for
natural gas. Three major gas fields were
tapped by new lines during this first year
of a five-year expansion program.

Fish Creek Field gathering line adds
enough delivery capacity to Lone Star Sys-
tem to supply natural gas to a city the size of
Waco. This line is but one of more than 75

lines from different fields feeding gas from
more than 1,500 wells to the Lone Star
System.

Coupled with the addition of new re-
serves is the construction of new com-
pressor stations, new distribution lines for
new customers and many other projects. At
the completion of this program \$40,000,000
will have been invested in new facilities.

This \$40,000,000 program is Lone Star's
biggest undertaking since the building of the
System. It's a program planned to maintain
Lone Star as the finest of Natural Gas
Services.

Meet Walter Roberge—"buyer" with 25 years'
service in purchasing department at Lone Star.
He has this to say about Lone Star's expansion
program:

"One can measure the growth of Lone Star
Natural Gas Service by the amount of pipe we
buy. For example, we're planning to buy 360
miles of four-inch and smaller pipe for construc-
tion of new town distribution plants alone this
year. This is but a small fraction of planned pipe
purchases in 1948, which I believe, will be a
year of record growth."

POT-SHOTS FROM McCAULLEY

By GEORGE DARDEN

George Darden has been appointed chairman for the March of Dimes drive for McCauley and on the night of January 28 there will be in the local gym two real basketball games with proceeds going benefit of the Polio Fund. Hobson R. Howell, superintendent of the Girard Public Schools has accepted an invitation to bring his two teams, boys and girls for games with McCauley High School same on that date. The scribe is grateful to Superintendent Howell and to all the players. We hope that the Ed Mason gymnasium will be packed to capacity on the night of the games as we are all aware of the fact that the Polio Fund is for a worthy cause and too the ball fans will have real entertainment and see in action four of the best teams in the country. Don't forget the date folks, January 28 at 7:30 o'clock p. m.

McCauley High School boys basketball team won the invitation tournament at Blackwell last week-end. Charley Lee and James Gibson again made alltournament team and so did Billy Joyce Cox for the girls. Our girls dropped two close games to Trent and Cruse thereby being eliminated. The score for the girls were McCauley 10, Trent 12, Cruse 14 and McCauley 12. Our boys are still undefeated this year having won 17 straight games. Fisher County tournament will be held in the local gym next Saturday. Don't miss the games.

It is with deep regret that we learn of the death of Mrs. Underhill, formerly Jo Ann Shelly of McCauley. Mrs. Underhill was killed in a head-on carwreck in Alabama last week. Funeral services were held in the Rotan Baptist Church last Saturday. Her husband is confined to the hospital at Rotan from injuries received in the same wreck. Mrs. Underhill is the daughter of Mr. and Mrs. John Shelley of Rotan.

Mrs. W. H. Nazworth, 31, resident of Sylvester for the past two years and a native of Fisher County died last Thursday in a Dallas hospital. Funeral services were held Saturday at the Sylvester Methodist Church. Mrs. Nazworth is the for-

mer Sylvia Mitchell.

McCauley calaboose, known as the "jug" was moved last week to the cemetery for a tool house. It takes money to do all these things and the cemetery committee will appreciate you mailing your contributions. The committee is composed of B. F. Kemp, Roy Hennington and George Darden. Mail all contributions to this scribe, Box 4 McCauley and same will be acknowledged in this column.

Old home town experienced a severe cold spell last weekend and the water pipes and tanks were frozen solid all of which reminded us that we should have saved a part of our summer wages.

Mr. Alvis Mayo from Fort Worth visited his parents, Mr. and Mrs. W. B. Mayo on last week-end.

Mrs. W. L. Curry and daughter, Mrs. Carroll Barnhill, from Cisco were visitors one day last week with relatives in McCauley. Mrs. Curry is the former Edna Miers of this community.

Ye old scribe has been appointed chairman of the Camping and Activities for this district for the Boy Scouts. There being but six members of the committee for the district. About 6,000 acres of land in the Davis Mountains is being purchased for the Boy Scouts of several counties. The land is costing \$7,500 and a like amount will be raised to equip the same. Said land has only recently been explored by white men, deep canyons, high mountains plenty of mountain lions, deer, antelopes and other wild game all of which will be at the disposal of the Boy Scouts.

Harley Sadler has announced for the State Senate, Harley is a good scout and plenty capable of making the Lone Star State a efficient Senator and we gotta' notion that Harley will win under wraps.

Maybell White has announced for County Clerk of Fisher County and she is qualified and experienced in

such work.

Mrs. John Crowley is seriously ill in a hospital at Rotan.

Mrs. F. L. Rector has been on the sick list most of the winter but was out visiting neighbors Sunday.

Harold Stassen was making his bid for the Republican nominee for President in Lubbock the first part of this week.

Some of the voters from the North are advocating a negro run for the vice-president job on the ticket with Henry Wallace. Just what we expected.

Luther Maberry and Clayton Carroll are in Dallas this week on business.

This community was visited by a light snow Sunday night and the farmers are ready for some falling weather.

Mail us your local news if we fail to see you and in the meantime remember the McCauley Cemetery Fund needs your contributions and too, March of Dimes are in need

Mulberry Seedlings for Farmers Available

Farmers and others of Jones County and West Texas were advised this week by the Texas A. & M. College Texas Forest Service at College Station that several thousand Russian mulberry seedlings are

available to interested parties of this section of the state. The seedlings are part of 18,000,000 seedlings that are being raised as the forest service's contribution to the state's forest resources for the future, shipment of which will be completed by the end of January, according to H. C. Stanley Jr., the county agent for Jones County.

Stanley says the Russian mulberry makes a good windbreak in West Texas. Seedlings sell for \$3 per 1,000, plus nominal shipping charges. Orders as small as 100 trees will be accepted for a minimum charge of \$1. Orders should be mailed to the

Hamlin Schools Receive Near \$15,000 State Aid

Hamlin Schools were better than \$14,098.19 richer last week when it received three substance payments from the State Board of Education, Austin.

First payment was \$9 per capita of scholars of the school on the record-breaking \$55 per capita apportionment. Hamlin has 1,091 according to a report from I. R. Hutchinson, superintendent of schools. Thereby totaling the payment to \$98.19.

This payment brought to \$24 the amount laid on the line thus far for school year for each of the 1,109,685 scholars.

Stating \$24 per capita brings the total to \$26,184 with \$33,821 left to be paid to the schools.

Other payment was for transportation aid with totaled \$5,000 for local school system according to the report.

Payment was on the 50 per cent estimate or equalization aid which totaled \$9,000.

Offices of County Pay Own Way in Fees First Time

Jones County offices during the past year, 1947, for the first time in history paid for themselves by fees collected. Salaries of Jones County officials were also paid report received from a meeting of the Commissioners' Court in the first 1948 meeting.

The court in session Monday transferred over \$4,000 surplus from the salary fund to the general fund.

In the past years, Court report stated it had usually had to transfer from \$10,000 to \$15,000 into the salary fund for the general fund to make up for a deficit in the fund which the fees failed to meet, the County Judge Roger Q. Garrett stated.

Under present arrangement the fees of all officers go into the salary fund, Garrett explained. Officials are paid by checks on this fund and when total fees fail to meet salary expenses, as has been often the rule until last year, additional money has to be transferred to the salary fund from the general fund.

Jones County pays between \$3,000 and \$4,000 a month in salaries.

Fire Department Elects New Officers For 1948

Hamlin Fire Department met in Tom Vaughan's cabin at the Old Lake January 9 where they enjoyed an oyster supper and elected officers for the new year.

Several guests were invited, some being: Mayor Holly Toler, the city police department and several members of the city council.

New officers elected were: Tom Vaughan, president; Bryant Conner, vice-president; T. W. McGuire, chief; Sol Branscum, first assistant chief; Bill Milliron, second assistant chief; L. J. Cunningham, secretary; John Edwards, assistant secretary; Weldon Hudson, first captain; Jack White, second captain; Rev. Dan Jones, chaplain; Sammy Frank Valghin was chosen mascot.

Fireboys Add Red Lights to Cars

Hamlin fireboys are recipients of new red lights and fire emblems the City of Hamlin has furnished their cars.

This is a volunteer fire department and the boys are proud of the part they have in protecting their neighbors homes and businesses. Hamlin can feel assured these boys will perform their duties as well as if they drew salaries and all they ask is better cooperation when the fire alarm is given.

If each car would pull to the curb so they would not interfere with the trucks traveling to each fire, time and perhaps property would be saved.

The department meets each Thursday night, one Thursday night they have a business meeting and fire drill and the next they have a social meeting.

VFW Basketballers Have Impressive Season's Record

Hamlin VFW basketball team announces that they will play Roby tonight (Friday) at Roby and that Cross Plains will come to Hamlin for a game Monday night. The game will begin here at 8:00 o'clock p. m.

Hamlin VFW basketballers have made a very impressive record, having won 17 while losing only two. Only last week they won four games and lost none in a tournament held here in which 12 outstanding teams participated and thereby won the tournament.

Hamlin Hospital To Have Linen Blanket Shower

Announcement was made to The Herald by a Hamlin Memorial hospital spokesman this week of a linen blanket shower to be held after announcement was made.

Sheets and pillow cases, to carry a pillow 20 x 26 inches, blanket and towels are wanted and wash cloths can be used.

The spokesman stated, "By getting a nice supply of linens a blanket now, will add time in admitting bed patients. Just when bed patients can be admitted cannot be announced yet as steel furniture is slow about arriving."

To go further about the linen shower—it is possible that every family can spare a sheet or pillow case or blanket or even purchase some. Whatever you may give may be brought in person to the hospital, mailed or brought by someone else. In any case please label your package plainly and the estimated value of the gift. Mrs. Ray Williamson will welcome you, list your name and record your gift.

All gifts are desired to be in the building by February 1.

The hospital is doing only clinic work with office hours from 8:00 o'clock a. m. to 5:00 o'clock p. m.

Hospital drive-ways and parking spaces need to be made all-weather proof and several persons have listed their names as saying they will defray the expenses of one load of material. It will be cheaper to pay for a load of "pit-strippings" than to get your car or your ambulance stuck in the Hamlin black mud.

Estimate of loads for the project runs around 50 or 60, see your favorite trucker and see what he will haul a load for and how much in a load.

Hospital opened its doors Tuesday morning for clinic work and the first caller was Miss Maxine Smith, Star Route and the second caller was H. A. Smith of Sylvester which went into the records.

Bill of lading for a great deal of medical equipment necessary before bed patients can be taken have been received and will be installed immediately on arrival. The item needed most now is furniture for the rooms.

Two new memberships were received Tuesday after the opening of the hospital. They were Alvis Bond and Jimmy Irwin, the spokesman concluded.

Hamlin's Pied Pipers swarmed over the Stamford Bulldogs here Tuesday night in a 5A cage clash, winning 54 to 20.

Billy Franks poured in 24 points to lead the winners while Joe Mims was high for Stamford with four points.

Hamlin also won a B game 31 to 15 and on into a C game romped the Bulldogs again 48 to 7.

The third string contest was unique in that Joe Allen Dean registered 36 points for the Pipers.

Mrs. Gus Travis and daughter, Doty, left Tuesday for a visit to the former parents, Mr. and Mrs. Tom Evans in Nocona.

Payments of Poll Tax Has Reached Total of 3,119

Up to noon Wednesday 3,119 poll tax receipts had been issued to taxpayers in Jones County, according to Elzy Bennett, tax assessor-collector. Bennett estimated that the county should have 4,000 poll tax payers for 1948, leaving nearly 1,000 yet to be issued before the deadline of January 31.

In 1946, the last election year, receipts were issued to 3,776 and exemptions were claimed by 24 persons reaching the age of 21 too late to pay poll tax, but many veterans their poll tax, but it was an off year got a vote without paying the tax.

Last year only 3,499 persons paid for elections. Exemptions last year totaled 28.

Again this year, those becoming 21 before the elections were reminded that they can vote free by obtaining an exemption certificate before January 31. In Jones County, those 65 and over may vote without tax or exemption certificate.

Bennett urges everyone to make the poll tax payments as soon as possible to avoid a last minute rush.

Local People Attend Funeral Rites For Leukemia Victim

Mr. and Mrs. W. B. Cotten and son, Bobby, of Hamlin and Henry Brady and Mrs. A. G. Morris also of Hamlin were among the attendants of a funeral service in Stamford last Friday for Phyllis Earl Cotten, nine-year-old leukemia victim.

Phyllis Earl Cotten, daughter of Mr. and Mrs. Earl Cotten of Stamford died of leukemia Thursday at 10:25 o'clock a. m. and the funeral was held Friday at 1:00 o'clock p. m. at the Stamford First Baptist Church.

Every aid for the victim was used with last minute efforts to the Harvard University Medical Research at Brookline, Massachusetts who telegraphed that, "Regret we have nothing new in treatment of leukemia."

A number of presents donated by Hamlin merchants were awarded to outstanding players of the tournament.

Following the final game of the tournament, Stamford and Hamlin colored teams engaged in a thriller, the Stamford five winning 28-20.

Jones County District Court Metes Out Sentences In Busy Session Last Week

Jones County juries the 104th District Court meted out the following sentences:

John Lewis and Jack Ward, both of Abilene were sentenced to three years in the penitentiary by the Court on charges of burglarizing the Methodist Church in Stamford on November 27, 1947.

Jessie Jackson, Corsicana, was charged with assault with intent to murder L. V. Schulte, of Stamford, and was sentenced to two years in the penitentiary. Assault was alleged to have taken place in August 1947. During the trial Schulte testified that he was cut with a knife twice by Jackson. One knife slash was under the heart and the other on the leg.

Tried on a charge of forgery, Donald Arthur Armstrong was sentenced to two years in the penitentiary. Original indictment was returned in

Taylor County but the case was transferred to Jones County on a charge of venue. He was charged with forging the name of D. A. McBride on a check dated February 24, 1947 and was passed to Myron Pumphrey, name McBride being fictitious.

S. D. Roberts of Abilene, was indicted for felony theft, and was assessed a four-year suspended sentence in the 104th District Court by Judge Owen Thomas. He was found guilty of the theft of 9,950 pounds of junk iron owned by A. J. Bell of Stamford last September 28. Bell told the court he has since received payment for the iron. District Attorney Esco Walter reported.

Alvin Foster, negro of Stamford was indicted for assault with intent to murder P. R. Escobedo, Mexican nightwatchman from Stamford, last November 15 and pleaded guilty. He was sentenced to serve nine months in the county jail.

Baptist Pastor Says Great Revival Is Now in Progress

"The revival in progress" at the Hamlin First Baptist Church has been mightily blessed of God, said the Rev. John H. Osteen, pastor. "He has poured out His spirit in great conviction of sin and many have turned to Christ and the Cross."

"The largest congregations we have ever had in a special meeting have been present each evening."

"We invite all to join us at 10:00 o'clock a. m. and 7:30 o'clock p. m. tonight (Friday) is Training Union Night and Saturday is Youth Night. These are our guests, everyone is welcome," he concluded.

Sunday School attendance goal is set for 625 this coming Sunday morning at 10:00 o'clock a. m.

March of Dimes Gets Off to Good Start in Hamlin

March of Dimes campaign against infantile paralysis got underway in Hamlin this week when containers were placed in various places for contributors and solicitation by Mrs. Raleigh Bond of the business institutions for contributions which she stated were generous.

A total of 50 per cent of the money raised in the March of Dimes will remain in Jones County to be used in the county's fight against polio. The remaining 50 per cent will go to the National Foundation for Infantile Paralysis, there to be used in research and treatment.

The 1948 March of Dimes is in full swing throughout the nation and it is up to everyone to do his utmost to make it a success.

Hamlin VFW Beats McMurry Cagers For Tournery Honors

Hamlin VFW basketball team came through with flying colors in the basketball tournament held here last week and carried off first honors by downing the crack McMurry College five of Abilene 44 to 40 in the final game.

Using only one substitution in the final game the VFW boys showed the strain of coping top honors and were pushed by McMurry in the closing minutes but had piled up an early lead and were never overtaken.

A number of presents donated by Hamlin merchants were awarded to outstanding players of the tournament.

Following the final game of the tournament, Stamford and Hamlin colored teams engaged in a thriller, the Stamford five winning 28-20.

Fisher County Pool Outpost Is Set

Locations for two new oil tests, one a northeast outpost to the pool and the other between the pool and recent long extension were filed early this week for the Fisher County Round Top Field, deep reef production area 10 miles west of Hamlin.

Extension try will be the Ellis A. Hall No. 1 Buckner's Orphans Home, 645 feet from the south and 330 from the west line of section 88 block 1 H&TC survey. Drilling is set to begin about February 1 on permit for 5,000 feet with rotary.

Between the recently completed Hall No. 1 Poe and the previous production in the pool, Ellis A. Hall is to drill the No. 1 Joe Decker et al, 660 feet from the south and 330 feet from the east line of the northeast quarter of section 80 block 1 H&TC survey. Rig has already been moved to the location and drilling was to have begun early this week.

South of the Poe well, drilling was proceeding at about 3,500 feet on the Ellis A. Hall No. 1 Ellis A. Hall, 330 feet from the west and 300 from the south line of section 9 block R W. E. Richardson survey.

Drilling in the Strawn below 4,573 feet, with light shows but none of commercial pay logged to that depth was the Ungren & Frazer et al No. 5 Cox & Hamilton estate a half mile east of Avoca, trying for deeper production under the Griffin pool. It is on permit for 5,400 feet and is located 467 feet from the east and 1,384 from the north line of section 21 block 4 H&TC survey.

About 13 miles northeast of Stamford the West Central Drilling Company, No. 1 C. N. Humphrey, Strawn test 2,100 feet from the east and 330 from the south line of section 2 H&TC survey, was shut down for repairs at 4,600 feet. No shows were reported to that depth.

Test of the Flippin below 2,750 feet was made Saturday on the Ungren & Frazer and Jones & Stasney No. 1 C. W. Jones, wildcat to test the Palo Pinto nine miles southeast of Hamlin, located 2,500 feet from the south and 2,250 from the west line to section 35, block 2 SP survey.

Apparent east extension and location of a north extension try has been reported for the recently opened production area three and a half northeast of Hawley.

Extender J. C. Hunter No. 3 W. A. Minter, 330 feet from the south and west lines of the north half of subdivision 14 Robert Smith survey 192, which set casing at 2,366 feet after logging the top of the Swastika at 2,364 and drilling to 2,383. It is expected to make a commercial producer, but not as large as the offset wells.

Try for a north extension is to be made on the J. C. Hunter Jr., No. 3 Shanks, 1,650 feet from the south and 330 from the west line of the north half of subdivision 13 Robert Smith survey. Drilling was started last week-end.

Abandonment at 2,400 feet with no show was reported to that depth was filed for the Al G. Hill (changed to Chapel Hill Gas System) No. 1-B B. L. Ellis, 26 miles southeast of Hamlin. Location was 1,980 feet from the north and 990 from the east line of section 40 block 15 of the T&P survey.

Pan American Oil Production of Houston has announced purchase of oil producing properties of the New Idris Quicksilver Mining Company in the Wimberly and Redden Fields, in Jones County.

President E. R. Turner said the properties consisted of four leases covering slightly in excess of 275 acres on which there are 12 wells, one being dually employed in limestone pays.

Reported purchase price was approximately \$1,000,000.

- FIRST** in Total Number of Cars and Trucks on the road today—according to official nation-wide registrations.

WE, YOUR LOCAL CHEVROLET DEALER—and every other Chevrolet dealer in America—are both proud and happy to make the following report to buyers and prospective buyers of Chevrolet products:

Again in 1947, Chevrolet built and sold more cars and more trucks than any other maker in the industry, just as Chevrolet has built and sold more cars and more trucks than any other maker for the total seventeen-year period, dating from January, 1931 to January, 1948—the modern period of motor car history!

Naturally, we as well as the Chevrolet Motor Division of General Motors are deeply grateful for America's outspoken preference for Chevrolet passenger cars and trucks; and we are determined to do everything in our power to continue to deserve this preference in the future as in the past.

We want to thank each and every person in this community for his friendship and goodwill for this organization. We solicit and appreciate your patronage. We are doing our level best to prove that, by filling orders for new Chevrolets just as promptly as we can—even under today's trying conditions—and we are deeply and doubly appreciative of the patience and understanding of all our customers who are awaiting deliveries of new Chevrolets.

Needless to say, you buy wisely when you buy the product of the world's largest producers of cars and trucks, for that is the way to maximum dollar value! Rest assured that we'll fill your order for a new Chevrolet just as soon as it is humanly possible to do so. Meanwhile, please let us help to keep your present car or truck in good running condition by bringing it to us for skilled service now and at regular intervals.

Lone Star Gas Supply Is Adequate For Home Demand

Lone Star Gas Company has assured its Hamlin and other domestic consumers that it will have sufficient gas to supply all their fuel needs no matter how cold the weather, barring unforeseen mechanical difficulties. This information was contained in a statement issued by company officials following current government recommendations for the rationing and restrictions in the use of natural gas and other fuels in some parts of the United States.

Lone Star serves Hamlin territory and 332 other cities and towns in Texas and Oklahoma. A spokesman pointed out that some of its large industrial consumers may be cut off temporarily at times to protect the gas supply for homes.

Lone Star Gas Company is in the midst of a \$40,000,000 expansion improvement program for thousands of new customers that are be-

Marilyn Simmons, manager of the Harden Coffee Shop, was in Bridgeport the first of the week where she was initiated in the Eastern Star Lodge. She visited her little daughter, Joycelyn and parents, Mr. and Mrs. E. R. Paschall who live in Bridgeport.

Mr. and Mrs. J. C. Daugherty and son, David, visited his sister, Mrs. Sebe Moore and family in Archer City last week.

Mr. and Mrs. V. O. Bell and son, Rolan Doyle, returned last week from visiting relatives in Gatesville.

In 1947 the first year of this program, 100 major projects were completed over the gas service for more than 400,000 homes.

In concluding the report pointed out that the company's pipe line system contained more than 5,000 miles of transmission mains which bring gas from more than 1,200 gas wells in 75 widely scattered fields in Texas and Oklahoma.

Famous Lecturers Coming to McMurry January 27-30

Hamlin area citizens were informed this week of the fact that the Third Annual Willson Lectures will bring to the McMurry College, Abilene campus two outstanding Christian lecturers January 27-30. All lectures are free of charge and open to the public.

Dr. Hazen G. Werner, editor, writer and consultant and Miss Dorothy McConnell, editor, author and traveler will deliver the series of lectures during the four-day annual event, which is sponsored by Mr. and Mrs. J. M. Willson of Floydada.

Topic of Dr. Werner's series of lectures will be Psychology in the Service of Christian Personality. Miss McConnell's general topic will be The Christian Message in a World of Change.

Methodist Bishop Charles G. Seelman will introduce Dr. Werner Tuesday night, January 27 when he will speak on the subject, "The Therapy of Your Faith."

Mr. and Mrs. J. C. Bessire, Kay and Jack were Sunday visitors in the home of Dr. and Mrs. Milton C. Bessire of Abilene.

Telephone preview for 1948

As we enter 1948, the 50,000 telephone people in the Southwest are continuing to work hard to make telephone service better than ever and to get service to people waiting. Here is what we think 1948 will bring:

INSTALLATIONS

Shortages of switchboards, cable, and wire continue, but we were able to install 460,000 new telephones last year for a net gain of 295,000. This year we expect to equal or better that total.

CONSTRUCTION

Dollars spent on construction last year came to 115 million, close to three times as much as in any prewar year. In 1948, the job will take even more money—150 million dollars! That will buy new buildings, switchboards, cable, wire, and other things needed to supply more and better telephone service.

DEMAND

Demand for telephones continues at 50,000 a month. New orders keep the waiting list long, but it is smaller now than a year ago. About 200,000 persons in the 700 exchanges we serve are now waiting for service, but 3 out of 4 of them applied in 1947.

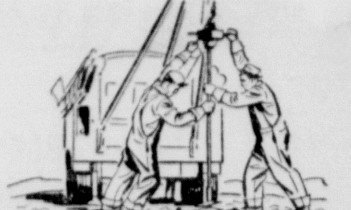

LONG DISTANCE

Improvements in long distance service are coming in 1948 as we add more miles of wire needed to handle calls. Some 50,000 miles of circuits were added in 1947. We expect to double that total in 1948.

SERVICE

Telephone service will grow better as more switchboard equipment brings relief from the extra-heavy loads now being carried. More than 18 million calls a day were made in the Southwest during 1947. This is well over a million more than the previous year, and a new record. The trend is upward for 1948.

RURAL SERVICE

We connected 50,000 more rural telephones last year. Our large-scale program to bring telephone service to more farms will continue in 1948. We hope to be serving 260,000 telephones in rural areas by the end of this year, nearly twice as many as at the start of 1946.

We worked hard to do what we did in 1947. We've still got an uphill job. We'll be doing the best we can to put in more telephones and further improve telephone service during 1948.

Cotton Price Declines \$5 Per Bale on Markets Last Week as Demand Good

Prices for cotton declined almost \$5 per bale early in the week but recovered part of this loss during the latter part, according to the weekly release to The Herald from the Department of Agriculture for last week's market activity.

Selling by farmers increased and spot markets were more active. Mill demand picked up a little for the medium and better qualities for forward delivery.

Activity in textile markets increased with prices firm to lower for some constructions. The cotton export subsidy of one-half cent per pound continues in effect.

Peanut acreage quotas applicable to the 1948 crop were terminated by the secretary of agriculture. The weather was generally favorable for the harvesting of cotton.

Prices for middling 15-16 inch in the 10 spot markets averaged 35.48 cents per pound on Thursday as compared with 35.97 cents on Wednesday of last week-end with 33.29 cents on the corresponding Thursday a year ago. The average price for the week ended Wednesday was 35.50 cents as against 35.84 cents for the previous week. Prices for the medium and higher qualities in southern markets remained firm but weakened considerably for the lower qualities. Prices for some constructions of textiles weakened a little. Near-month futures declined about 50 to 60 points during the week while more distant futures declined only 10 to 15 points.

Export sales in the 10 spot markets totaled 137,800 bales for the week as compared with 61,900 bales the previous week and 139,600 a year ago. Offerings by farmers in the 10 spot markets were reported. Merchants and shippers were offering the lower qualities in increasing volume and at lower prices. Any offerings of the medium and better qualities, however, were readily absorbed.

Mill buyers were more active with the demand principally for the medium and better qualities for forward delivery. Registered sales under the export program for the season through January 2 totaled 423,600 bales as compared with 946,100 bales to the corresponding date in 1946. The increase in registration for the last week reported was 5,800 bales.

Mrs. Grover Sipe 51, Dies After Long Illness Here

Mrs. Hazel Verne Sipe, daughter of William Harvey and Lula M. Seymour, was born January 18, 1896 in Brown County. After a long illness she passed away January 13 at the family home in Hamlin at the age of 51 years, 11 months and 27 days.

Funeral services were held at 3:00 o'clock p. m. January 15 at the Hamlin First Methodist Church, conducted by the local pastor, Dr. W. C. House, assisted by a former pastor, Rev. J. E. Herrell of Haskell. Mrs. Sipe and her husband, Grover T. Sipe moved to this community 28 years ago and have been residents of Hamlin for 12 years.

She was converted at the age of 15 and united with the Methodist Church. She was a faithful worker and a member of the Women's Society of Christian Service and the Spiritual Life Group.

Survivors are the husband, two daughters, Grovena and Mrs. Verne Mae Payne, a son, Johnnie T. Sipe of San Rafael, California, one grandchild, Barbara Carolyn Sipe, two sisters, Misses Annie and Maggie Seymour of Hamlin; two brothers, Homer H. Seymour of Abilene, Anderson Seymour of Hamlin.

Interment was in the East Cemetery under the direction of Barrow Funeral Home of Hamlin.

W. F. Johnson, who has been in a Rotan hospital for treatments, was able to return to his home Sunday much improved.

NEW "Pilot-House" Cabs
with all-round vision

Higher and wider windshield and windows give the driver real "Pilot-House" vision... in all directions! It's all-round vision, still further augmented by newly available rear quarter windows. They're the safest

truck cabs ever built, too, with welded all-steel construction. Their comfort is almost unbelievable. Take a ride... and you'll feel that you're "sitting on top of the world"... with all the road yours to command.

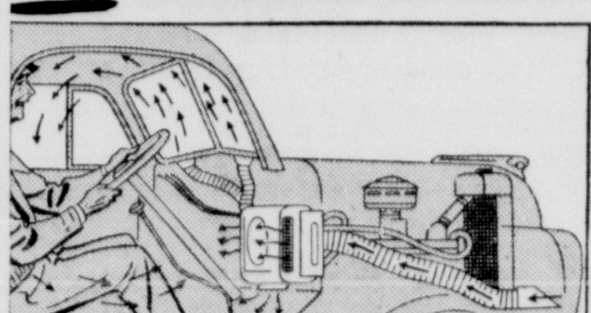

NOW ON DISPLAY

You're looking at the most attractive and useful trucks ever designed. The first thing you notice, of course, is their new massive "truck-like" appearance. But underneath—you'll find power-packed chassis, each "Job-Rated" for performance, economy, dependability, and long life.

Because these new Dodge trucks are "Job-Rated"—because they fit the job—they naturally save money and last longer. But you're in for a real surprise, when you see how many additional money-saving and time-saving advantages Dodge has built into these newest trucks.

We urge you to come in and see them without delay. You'll find them years ahead in design... the only really new trucks on the market this year!

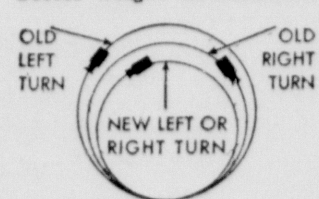

NEW All-Weather Ventilation

Real comfort at ten below or a hundred above! That's because of an ingenious combination of ruck heater, defroster vents, vent windows, cow ventilator and a new fresh air intake from the radiator grille. It's the finest "All-Weather" heating and ventilating system available in any truck cab.

NEW Ease of Handling

You enjoy remarkable new ease of handling and driving in these new trucks. You can turn them in much smaller circles... the same size circle either right or left. You can park, or back up to platforms, with greater ease. With this shorter turning, you also get full-size bodies, longer cabs, better weight distribution.

NEW Comfort

1. PLENTY OF HEADROOM.
2. STEERING WHEEL... right in driver's lap.
3. NATURAL BACK SUPPORT... adjustable for maximum comfort.
4. PROPER LEG SUPPORT... under the knees where you need it.
5. CHAIR-HEIGHT SEATS... just like you have at home.
6. "AIR-O-RIDE" CUSHIONS... adjustable to weight of driver and road conditions.
7. 7-INCH SEAT ADJUSTMENT... convenient hand control.

Grains Show Price Gain Last Week as Other Farm Products Take Decline

Grains rose to higher levels, but many other Southwest farm products sold lower last week, according to the Production and Marketing Administration, U. S. Department of Agriculture's weekly report to The Herald.

Fairly active trading at Southwest cotton markets advanced prices early in the week, but later losses more than erased the gains by around \$1.50 a bale. Good harvesting weather in most areas found farmers offering current ginnings freely.

Prices ranged lower on most commodities in the Lower Rio Grande Valley the past week in slower trading.

Eggs weakened further during the period. Current receipts brought 40 to 48 cents per dozen at Dallas and Fort Worth, 38 to 41 cents at Denver and 46 to 47 cents at New Orleans. Heavy hens sold lower at New Orleans. Other poultry held steady to firm.

Slaughter steers, yearlings and heifers moved lower at most Southwest markets, and calves and vealers sold steady to weak. Cows, bulls and replacement classes generally brought strong to higher prices. Houston showed strength in all classes, and good calves cashed at \$24 to \$27. Fort Worth set a new high price of \$28 for top choice calves. Good and choice calves cleared at mostly \$23 to \$27 at Fort Worth, \$21 to \$25 at Wichita, up to \$26 at Oklahoma City, and to \$28 at Denver.

Hogs closed the week at largely 25 to 75 cents lower prices. Top butcher hogs sold Friday at \$27 at San Antonio, \$27.25 at Fort Worth, and \$27.75 to \$28 at Oklahoma City. Wichita closed at \$27.25 to \$27.50, and Denver at \$27.65. Sows ranged mostly from \$23 to \$24.75, and pigs \$12 to \$21.

Lambs dropped as much as 50 cents to \$1 for the week at Fort Worth and Oklahoma City, as other Southwest sheep and lambs sold mostly steady to \$1 higher. Choice ewes sold up to \$11 at San Antonio, \$10 at Oklahoma City, and \$11.75 at Wichita. Denver bought good and choice ewes up to \$11.50, a new all-time high. Wool inquiries increased. Limited fine wool offerings continued in strong demand.

Grains scored sharp net advances for the week. Resumed buying of flour by Commodity Credit Cor-

poration strengthened wheat and continued active feed demand boosted feed grain prices. Most grains rose 10 to 12 cents a bushel. Rough rice advanced slightly the past week as milled rice remained generally unchanged.

Cottonseed Moving To Mills in Volume As Price Holds Up

Cottonseed continued to move to crushing mills in moderate volume, according to the number of certificates received by the U. S. Department of Agriculture, as reported in the weekly release to The Herald through the Production and Marketing Administration.

Generally favorable weather conditions have allowed harvesting to make good progress in West Texas and Oklahoma. In other areas wet ground has held field operations to a minimum.

Prices for wagon lot seed f. o. b. gins are about unchanged to slightly lower in Texas and slightly higher in Oklahoma. Average price for the period December 19 through January 7 was \$95.80 per ton, which compares with \$97.50 per ton three weeks ago.

Texas gin prices ranged from \$80 to \$120 per ton, the highest being in the South Plains area.

Oil mill prices ranged from \$100 to \$120 per ton. Some seed was purchased on "as is" basis and some on basis grade 100.

Cottonseed grades were generally a little higher. Average grade in Texas was 104.5 and in Oklahoma 98.5, which was 1.0 higher than for the period ending December 19.

Births Go to New Record in Texas As Deaths Drop

It is estimated that during 1947 there 195,000 live births and 61,000 deaths in Texas, according to a report to the Herald from the Texas State Department of Health. The number of births in 1947 far exceeds the former record of 180,000 in 1946. The excess of births over deaths last year gave Texas a natural increase in population of 134,000 people, according to Dr. George W. Cox, state health officer.

It has been apparent for some time that reductions in the mortality due to preventable causes could not any longer offset the staggering increase in the number of deaths due to cancer and the various heart diseases. For this reason, it was not difficult to predict that 1947 would see the general death rate begin an upward trend.

Practically all of the increase in the mortality during the first nine months of 1947 may be attributed to the steadily mounting toll of death levied against the population by heart disease, cancer and apoplexy.

Considerable satisfaction should come to those engaged in public health work in knowing that dur-

ing the first three quarters of 1947 the lowest death rates ever recorded in Texas were reached for the following diseases: Typhoid fever, diphtheria, measles, poliomyelitis, tuberculosis, malaria, syphilis, pellagra and typhus fever.

Sounds impossible doesn't it?

Sounds impossible, doesn't it? But that is actually the very job that Reddy Kilowatt does in your home each day—and still the average electric bill of families served by the West Texas Utilities Company amounts to about \$4.00 per month.

A little more than 10¢ a day...for the many pleasures and conveniences of modern living that electricity brings to you at the flick of a switch.

Yes, while the cost of almost everything else you have to buy has gone up—and up; the cost of your electrical service has been held to a low minimum.

Today, in fact, electric service does more to make work easier and living more convenient than ever before. Yet, a kilowatt hour of electric service costs you one-sixth LESS than it did ten years ago!

BROKEN FRIENDSHIP

A four-year-old Mark Tankersley peeped through the crack of the door of his home and saw an Indian grinning at her.

"Friend!" grunted the old Indian and tried to force beads on the crack to the frightened child.

To Mary, flattened against the wall behind the opened door, beads looked horrible.

The squaw spoke the truth and were Kickapoo Indians and the settlers. Their party now on a scouting expedition for some horses they had.

Mary had glimpsed several men and they talked with her outside. They drew the line of their brand in the sand then Richard Tankersley drew picture of his brand. He, too, lost some horses.

In the meantime Mrs. Tankersley been quite busy about the fire. The little iron pot of beans had been simmering slowly over the low embers of the fire.

bed-time last night was now out over the hearth and its cover lifted off. Generous of the beans, with chunks of seasoning, were heaped on plates. From the back hearth cornbread, while from Annie Eleanor Tankersley's dirty looking ashes, beans. Broken open, the golden mealy texture of the beans.

her hearty but hasty meal Mary stood with her mother

Autoists Warned to Be Cautious of Car Monoxide Poisoning

To minimize the danger of carbon monoxide poisoning during winter weather, Jones County motorists and commercial drivers are urged by Dr. George W. Cox, state health officer, to check up now on the exhaust systems of their automobiles for defective connections and leaks.

He said that "warming up" a car in a closed garage is the greatest cause of carbon monoxide deaths. Leaks from manifold connections, cracked manifolds, defective mufflers, leaks from loose muffler connections and leaks from hot air

in the doorway and timidly waved goodbye to their new friends. The tight little band of fear had loosened from around her chest and she could now breathe easier.

Two days later on January 7, 1865 the Indians returned with some of their own and Mr. Tankersley's horses they had found. And again Mary stood with her mother in the open doorway and watched them ride away. That band of fear was practically gone, now.

Mary always remembered this incident with a feeling of sadness. The following day, January 8, 1865, their new-found Kickapoo friends were attacked by 500 Texas Rangers and Minute Men under the command of Captain Totten. Two days later, following a severe snow storm, Mr. Tankersley helped dig the one long trench grave. Mary heard him tell her mother of the bodies they placed in it—the men, the women, and the children and little babies.

This unfortunate tragedy has been labeled the Battle of Dove Creek. Its major result was that a friendship was destroyed and never again could the settlers of the Concho country be at peace from the vengeance of the Kickapoos.

heater connections are potential sources for release of carbon monoxide and should be checked.

"Pay particular attention to these items and remember that proper carburetor adjustment causes minimum production of carbon monoxide and that the highest proportion of this gas is produced by an idling motor.

The state health officer said that headaches which occur during long drives may be an indication that carbon monoxide is leaking into the car. Sleepiness, dizziness, fatigue, and in extreme cases, paralysis are other symptoms of carbon monoxide leaking into the car. Truck drivers making long drives are particularly vulnerable, he said.

Dr. Cox described this gas as being colorless, odorless and tasteless. When in the air it gives no sign of its presence and is taken into the

Big Baby Blue Eyes.

A vivacious brunette of about 40 was standing on the promenade at a seaside resort, when she heard an admiring whistle from a very young sailor. He ambled up smiling, with his cap pushed jauntily to one side.

"Son," she reproved him gently, amused and somewhat flattered, "don't you try and flirt with me! I'm a grandmother."

"But, grandmother," replied the undismayed sailor, "what big baby blue eyes you do have."

"CHRISTMAS TREE" or Gas Well Head
—in gas fields, pipes are run from several wells to form a network which is part of a gathering system to carry natural gas from the wells to main transmission lines.

Helps Assure More Natural Gas For Lone Star Customers This Winter

One of the most important activities in 1947 on the Lone Star Gas System was the addition of new natural gas reserves to meet a rapidly growing demand for natural gas. Three major gas fields were tapped by new lines during this first year of a five-year expansion program.

Fish Creek Field gathering line adds enough delivery capacity to Lone Star System to supply natural gas to a city the size of Waco. This line is but one of more than 75

lines from different fields feeding gas from more than 1,500 wells to the Lone Star System.

Coupled with the addition of new reserves is the construction of new compressor stations, new distribution lines for new customers and many other projects. At the completion of this program \$40,000,000 will have been invested in new facilities.

This \$40,000,000 program is Lone Star's biggest undertaking since the building of the System. It's a program planned to maintain Lone Star as the finest of Natural Gas Services.

Meet Walter Roberge—"buyer" with 25 years' service in purchasing department at Lone Star. He has this to say about Lone Star's expansion program:

"One can measure the growth of Lone Star Natural Gas Service by the amount of pipe we buy. For example, we're planning to buy 360 miles of four-inch and smaller pipe for construction of new town distribution plants alone this year. This is but a small fraction of planned pipe purchases in 1948, which I believe, will be a year of record growth."

POT-SHOTS FROM McCAULLEY

By GEORGE DARDEN

George Darden has been appointed chairman for the March of Dimes drive for McCauley and on the night of January 23 there will be in the local gym two real basketball games with proceeds going benefit of the Polio Fund. Hobson R. Howell, superintendent of the Girard Public Schools has accepted an invitation to bring his two teams, boys and girls for games with McCauley High School same on that date. The scribe is grateful to Superintendent Howell and to all the players. We hope that the Ed Mason gymnasium will be packed to capacity on the night of the games as we are all aware of the fact that the Polio Fund is for a worthy cause and too the ball fans will have real entertainment and see in action four of the best teams in the country. Don't forget the date folks, January 23 at 7:30 o'clock p. m.

McCauley High School boys basketball team won the invitation tournament at Blackwell last weekend. Charley Lee and James Gibson again made all-tournament team and so did Billy Joyce Cox for the girls. Our girls dropped two close games to Trent and Cruse thereby being eliminated. The score for the girls was McCauley 10, Trent 12, Cruse 14 and McCauley 12. Our boys are still undefeated this year having won 17 straight games. Fisher County tournament will be held in the local gym next Saturday. Don't miss the games.

It is with deep regret that we learn of the death of Mrs. Underhill, formerly Jo Ann Shelly of McCauley. Mrs. Underhill was killed in a head-on car wreck in Alabama last week. Funeral services were held in the Rotan Baptist Church last Saturday. Her husband is confined to the hospital at Rotan from injuries received in the same wreck. Mrs. Underhill is the daughter of Mr. and Mrs. John Shelley of Rotan.

Mrs. W. H. Nazworth, 31, resident of Sylvester for the past two years and a native of Fisher County died last Thursday in a Dallas hospital. Funeral services were held Saturday at the Sylvester Methodist Church. Mrs. Nazworth is the for-

mer Sylvia Mitchell.

McCauley calabocse, known as the "jug" was moved last week to the cemetery for a tool house. It takes money to do all these things and the cemetery committee will appreciate you mailing your contributions. The committee is composed of B. F. Kemp, Roy Hennington and George Darden. Mail all contributions to this scribe, Box 4 McCauley and same will be acknowledged in this column.

Old home town experienced a severe cold spell last weekend and the water pipes and tanks were frozen solid all of which reminded us that we should have saved a part of our summer wages.

Mr. Alvis Mayo from Fort Worth visited his parents, Mr. and Mrs. W. B. Mayo on last week-end. Mrs. W. L. Curry and daughter, Mrs. Carroll Barnhill, from Cisco were visitors one day last week with relatives in McCauley. Mrs. Curry is the former Edna Miers of this community.

Ye old scribe has been appointed chairman of the Camping and Activities for this district for the Boy Scouts. There being but six members of the committee for the district. About 6,000 acres of land in the Davis Mountains is being purchased for the Boy Scouts of several counties. The land is costing \$7,500 and a like amount will be raised to equip the same. Said land has only recently been explored by white men, deep canyons, high mountains, plenty of mountain lions, deer, antelopes and other wild game all of which will be at the disposal of the Boy Scouts.

Harley Sadler has announced for the State Senate, Harley is a good scout and plenty capable of making the Lone Star State a efficient Senator and we gotta' notion that Harley will win under wraps.

Maybell White has announced for County Clerk of Fisher County and she is qualified and experienced in

such work.

Mrs. John Crowley is seriously ill in a hospital at Rotan.

Mrs. F. L. Rector has been on the sick list most of the winter but was out visiting neighbors Sunday.

Harold Stassen was making his bid for the Republican nominee for President in Lubbock the first part of this week.

Some of the voters from the North are advocating a negro run for the vice-president job on the ticket with Henry Wallace. Just what we expected.

Luther Maberry and Clayton Carroll are in Dallas this week on business.

This community was visited by a light snow Sunday night and the farmers are ready for some falling weather.

Mail us your local news if we fail to see you and in the meantime remember the McCauley Cemetery Fund needs your contributions and too, March of Dimes are in need

Mulberry Seedlings for Farmers Available

Farmers and others of Jones County and West Texas were advised this week by the Texas A. & M. College Texas Forest Service at College Station that several thousand Russian mulberry seedlings are

available to interested parties of this section of the state. The seedlings are part of 18,000,000 seedlings that are being raised as the forest service's contribution to the state's forest resources for the future, shipment of which will be completed by the end of January, according to H. C. Stanley Jr., the county agent for Jones County.

Stanley says the Russian mulberry makes a good windbreak in West Texas. Seedlings sell for \$3 per 1,000, plus nominal shipping charges. Orders as small as 100 trees will be accepted for a minimum charge of \$1. Orders should be mailed to the
